

4 tips for CHOOSING THE BEST *Elementary School*

As a parent, you know that the elementary years are a *critical period in your child's life*. Their learning environment will have a profound influence on their academic — and spiritual — future.

FAITH FORMATION

You envision a school that will partner with you to strengthen your child's understanding of God's Word, not deconstruct it.

Built on Christ-centered values.

God's Word is central to CCA's teaching philosophy and learning environment. Your family's beliefs will be reinforced through teachers who model godly values, a Bible-based curriculum, worship services, and more.

FOUNDATIONAL LEARNING

You need your child to grow not only in their comprehension of core subjects — but also learn to question, think, solve problems, and communicate ideas.

Education that stands the test of time.

At CCA, we use a **classical curriculum** that draws from the best artists and thinkers of the past to help your child prepare to reason logically and speak with conviction.

FELLOWSHIP & GROWTH

You want your child to discover their distinct passions and gifts while developing healthy friendships.

Cultivating gifts and talents.

We believe in helping students **find community** and their God-given calling. That's why, at CCA, your child will experience music, art, field trips, sports competitions, traditions, and mentoring programs.

FAMILY & SAFETY

You're searching for a place where your child will be surrounded by people who cherish them and foster their physical and emotional safety.

Partnering with families to foster safety.

CCA prioritizes your child's safety — both physical and emotional. We take all the **modern safety measures** and partner with parents to set clear expectations on how students should treat each other.

DISCOVER A SCHOOL THAT HELPS YOUR CHILD STAND OUT IN TODAY'S WORLD

Covenant Christian Academy is **UNCOMMON** in all the right ways.
We help your child develop:

FAITH that's **UNSHAKEABLE**

In today's high-pressure times, your child will understand what they believe and why they believe it.

VISION that's **UNCOMPROMISING**

While others simply repeat what they've heard, your child will know how to think logically, solve problems, and communicate ideas.

COMMITMENT that's **UNRELENTING**

Instead of being satisfied with the status quo, your child will explore their strengths and cultivate their interests.

"We've had the best experience at CCA! the teachers have gone above and beyond to make sure my kids transitioned well to the curriculum, integrated well with other kids, and genuinely care and love my children as their own. The curriculum is extensive and challenging, but my kids are thriving and happy. We feel at home at CCA."
